

Welcome to Our Center

Treatment/Management Programs with Waleed Al-Oboudi

Programs/ Schedule

Neuro-IFRAH® Stands for Neuro- Integrative Functional Rehabilitation And Habilitation. This approach is specifically intended for patients affected by lesions at the level of the brain stem and above. This dynamic whole person, functional and effective approach was originated by Waleed Al-Oboudi, a renowned clinician and educator in the field of rehabilitation.

The Neuro-IFRAH® superior and unmatched concepts and applications are taught throughout the United States and internationally.

Neuro-IFRAH® Center Owners

WALEED AL-OBOUDI, MOT, OTR/L, is a renowned therapist and educator in the field of rehabilitation nationally and internationally. He is the originator of the Neuro-

IFRAH® approach and is widely known for his superior and unmatched concepts and clinical skills in the treatment and management of patients affected by a stroke or brain injury.

His basic to advanced concepts are widely copied as he was the mentor of a notable number of nationally known educators for many years. From 1993-2003 Mr. Al-Oboudi taught more than 3 week Neuro-Developmental Treatment/ Bobath courses than any one in the field and most of the advanced courses ever taught on record. He is the originator of all his intermediate to advanced concepts and applications. In January 2004 Mr. Al-Oboudi stopped teaching and contributing to other approaches and originated Neuro-Dynamic Therapy that since then has been identified by his concepts and applications as the Neuro-IFRAH® approach. He is also the originator of the IFRAH® concepts and applications for patients affected by orthopedic conditions. Mr. Al-Oboudi's Neuro-IFRAH® approach includes a whole system of hands on therapy, training equipment, and orthotics that are taught by Neuro-IFRAH® Instructors at top facilities and are known to be the most popular and effective courses nationally and internationally.

Mr. Al-Oboudi's superior and unmatched concepts and clinical skills are self evident and set the standard of excellence as they have been continuously demonstrated in live national conferences, courses, and teleconferences for over 20 years.

AMELIA CHANG, MHA, PT has a wide range of experience in sub-acute, acute, inpatient, outpatient, and home health rehabilitation of patients affected by neurological as well as orthopedic conditions. She integrates her background in Pilates and stretching into her

therapy. Ms. Chang assists Mr. Al-Oboudi in therapy and education programs at the Neuro-IFRAH® Center.
